

Dear Divine Mercy Catholic School Parents-

Yesterday, the Governor's office requested that we open up our school aged childcare efforts to include children of Tier 2 workers. This includes food service, electronics, and communications fields. We are doing as asked. If you need care for your school aged child so that you can go to work, please contact Katie Healy at khealy@dmcs.cc We will be running care from 7:00AM to 5:30 PM Monday through Friday.

Because many people rely on our preschool for childcare, we have received confirmation that we can offer care for any registered child whose parent needs care provided for them to go to work. We intend to support you in this as well. Please contact Elodie Metro at emetro@dmcs.cc to request care for your child.

During this outbreak, it is best for you and your family to stay home if you can. We are here for you if that is not possible. We are so thankful for all that our parents who work in these essential fields are doing to protect us. You are the front line, and we are praying for you.

Thank you also for the hard work you are all doing while adjusting to or distance learning platforms. We appreciate your participation in our community and your words of encouragement. We will continue doing our best for you.

With prayers,

Mrs. Ashley
