

DEAR PARENTS AND GUARDIANS:

Divine Mercy Catholic School and Bethlehem Academy are partnering once again to run robotics as a club offering this year. Due to circumstances caused by the COVID-19 Pandemic, **there will be a few alterations this year** to our normal operations:

- Our teams will operate on a strictly intra-mural level with no offsite competitions to limit exposure to communities outside of Faribault. To reflect this change, **no fee will be charged** this year.
- Initially, DMCS and BA students will meet **separately**, and we will only have one day of robotics for each group. **BA students will meet on Mondays in the BA Library** and **DMCS students will meet on Thursdays in the DMCS Media room**. Both groups will meet from 3PM to 5PM with pickup promptly at 5PM outside the front door of the school meeting that day.
- Students will be expected to remain in masks as they would during the school day for the duration of robotics. Where possible, social distancing from different teams will be observed.

Mr. Robinson (DMCS Media Instructor) will be the primary coach of the team. If you are interested in joining the team, **please have your parent or guardian fill out the section below and it to the first robotics meeting you attend.**

My student, _____ is interested in joining the team! Please send us more information!

Parent /Guardian Contact Info:

Student E-mail (Grade 6 and up)

Name: _____

Phone: _____

E-Mail: _____

I am interested in volunteering to help the team out during either meetings or at events (parent/guardian)
